

A Tale of Two Bunnies

This is a tale of two bunnies. Well, actually it's the tale of one bunny. I needed a bunny for the baby blanket I was working on for my new granddaughter and so I designed the sitting bunny. I thought it was pretty cute, but it turns out that it didn't really fit in with all the other designs I was using. I needed a design with just a bunny's head, so I decided to do a "close up". I couldn't choose which pattern to share and, since I liked both patterns, it seemed logical (to me anyway) to combine the two into one pattern. After all, this is the same bunny. At least I think it is. . . . I have heard that they can multiply fairly quickly!
