Size: approximately 8" from neck edge to bottom and 7" wide

Materials: One skein of worsted weight cotton in a solid color such as Peaches & Crème or Sugar 'n Cream (approximately 98 yards) if you are using the bib for meals. If, on the other hand, you want to use it as a "drool" bib, I would recommend using a superwash wool. The cotton has a tendency to absorb the moisture, whereas the superwash wool will wick the moisture and keep baby nice and dry! Sample was done in Peaches & Crème Delft Blue.

Needles: US 5/3.75 mm or 6/4.0mm

2 double pointed needles US 5/3.75 mm for the knitted I-cord ties

or

Size G crochet hook for the crocheted ties

Gauge: 4.5 sts. per inch, not critical.

PATTERN NOTES

This pattern allows you to choose between two methods of beginning the bib. One uses short rows and the other, more traditional way, requires you to cast on stitches at the beginning of the first few rows of the pattern. There are also **two** methods for doing the ties. One has crocheted ties and the other method uses knitted I-cords. The

crocheted ties are slightly thinner. If you do make the knitted ties, you can drop down a needle size when knitting the cords. I like to run a long tail down the center of the cord to finish it off. Be sure to use a straight needle and not one with a bent tip!

Abbreviations:

k = knit

p = purl

pssso: pass slipped stitch over

k2tog.= knit 2 stitches together

p2tog.=purl 2 stitches together

sts. = stitches

dec. = decrease

dpn. = double pointed needle

Short Row Version

For this method, you don't have to wrap stitches or pick up wraps. You just work the stitches to a point and turn your work around and start knitting in the opposite direction. I've written out every row for you and I've indicated how many stitches you should have remaining at the end of each row. If you lose your count, all you have to do is check on the number of stitches you have left on your needle and you'll be right back on track. This technique results in a nice smooth edge.

For the crocheted ties, slip your crochet hook through the three stitches and draw your yarn through. Then work a chain for about 12 - 14 inches. The crocheted ties are not as stretchy as the knitted ones, so you might want to make these slightly longer. When you reach the desired length, work back on the chain by inserting your hook in the second chain stitch nearest the end and slip stitch in each chain until you are back to the

beginning. Fasten the yarn securely and weave in the ends. I have a “mini-tutorial” for making the crocheted ties on my blog.

For the knitted ties, slip these 3 sts. to a dpn work an I-cord for approximately 12 inches. Fasten off and run end down through middle of I-cord. Don't worry if the I-cords look a little wonky. A firm tug will usually straighten them out and after the bib is washed, you won't even notice! A good tutorial for making the I-cords can be found here: <http://www.knittinghelp.com/videos/knitting-tips>
