Hippity Hop!

Size: approximately 8 ½" from neck edge to bottom and 8" wide

Materials: One skein of worsted weight cotton in a solid color such as Peaches & Crème or Sugar ‘n Cream if you are using the bib for meals. If, on the other hand, you want to use it as a “drool” bib, I would recommend using a superwash wool. The cotton has a tendency to absorb the moisture, whereas the superwash wool will wick the moisture and keep baby nice and dry! Sample was done in Peaches & Crème Light Grape.

Needles: US 5 or 6 You want the bib to be fairly dense, so if the fabric is too loose, just drop down a needle size.

2 double pointed needles for the I-cords or Size G crochet hook for the crocheted ties

Gauge: 4.5 sts. per inch, not critical

PATTERN NOTES
This pattern allows you to choose between two methods of beginning the bib. One uses short rows and the other, more traditional way, requires you to cast on stitches at the beginning of the first few rows of the pattern. The ties are done by
making I-cords. It’s helpful, but not necessary, to drop down a needle size when knitting the cords. I like to run a long tail down the center of the cord to finish it off. Be sure to use a straight needle and not one with a bent tip!

**Abbreviations:**
k = knit
p = purl
psso: pass slipped stitch over
k2tog.= knit 2 stitches together
p2tog.=purl 2 stitches together
sts. = stitches
dec. = decrease
dpn. = double pointed needle

**Short Row Version**
For this method, you don’t have to wrap stitches or pick up wraps. You just work the stitches to a point and turn your work around and start knitting in the opposite direction. I’ve written out every row for you and I’ve indicated how many stitches you should have remaining at the end of each row. If you lose your count, all you have to do is check on the number of stitches you have left on your needle and you’ll be right back on track. This technique results in a nice smooth edge. **Note:** The bottom of the bib might cup a little, but if you give it a quick burst of steam when you’re done, it will flatten right out.

**Pattern:** Cast on 38 sts.
Row 1: (right side) knit for 25 sts., turn. You will have 13 stitches that are unworked.
Row 2: (wrong side) slip 1 st. knitwise, knit for 14 sts.; turn. (10 unworked stitches)
Row 3: Slip 1 st. knitwise; knit 17 sts.; turn. (10 unworked stitches)

**Traditional Version**

This method requires you to cast on stitches at the beginning of each row. I prefer to use the knitted cast on method, but you can use any method that you like. Just remember to keep the stitches tight.

For the crocheted ties, slip your crochet hook through the three stitches and draw your yarn through. Then work a chain for about 12 - 14 inches. The crocheted ties are not as stretchy as the knitted ones, so you might want to make these slightly longer. When you reach the desired length, work back on the chain by inserting your hook in the second chain stitch nearest the end and slip stitch in each chain until you are back to the beginning. Fasten the yarn securely and weave in the ends. I have a “mini-tutorial” for making the crocheted ties on my blog. http://downcloverlaine.blogspot.com/2010/05/ties-that-bind.html

For the knitted ties, slip these 3 sts. to a dpn work an I-cord for approximately 12 inches. Fasten off and run end down through middle of I-cord. Don't worry if the I-cords look a little wonky. A firm tug will usually straighten them out and after the bib is washed, you won't even notice! A good tutorial for making the I-cords can be found here: http://www.knittinghelp.com/videos/knitting-tips
